WHERE WE ARE AND WHERE WE WANT TO BE

1. Where we are and where we want to be
2. Features of a spatially transformed city
3. Built environment functions
4. The scenarios
5. Implementing the framework
6. The roadmap

BUILT ENVIRONMENT FUNCTIONS

The spatially transformed city must integrate and leverage the following functions:

* Accessible, safe, stable, smart urban environment
* Built environment functions
* Human skills
* Effective land management
* Coordinated financial management
* Coherent and culturally diverse community
* Ethical property market
* Targeted and cohesive local development
* Active citizens, partnerships
* Sustainable, resilient, and secure infrastructure
* Competitiveness, innovation, and value
* Green and sustainable technologies

FEATURES OF A SPATIALLY TRANSFORMED CITY

The spatially transformed city has the following features:

* A high quality and sustainable human settlement
* An integrated and coordinated built environment
* Culturally cohesive and socially diverse urban
* A unique and competitive economic environment
* An accessible, safe, stable, smart urban environment
* A cohesive and culturally diverse urban
* Ethical property market
* Targeted and cohesive local development
* Active citizens, partnerships
* Sustainable, resilient, and secure infrastructure
* Competitiveness, innovation, and value
* Green and sustainable technologies

THE SCENARIOS

- Marching to the piper's tune
- Dancing to the same rhythm
- Beat their own drum

PROPOSED PATH
IMPLEMENTING THE FRAMEWORK

METROS HAVE TO EMBARK ON A JOURNEY GUIDED BY A CLEAR ROADMAP

The key components were identified as critical to a vibrant city of tomorrow:
1. BE PRODUCTS AND SERVICES OUTCOMES
2. BE SYSTEMS AND PROCESSES
3. BE SKILLS AND CAPACITY
4. FINANCIAL ViABILITY & SUSTAINABILITY
5. CREDIBILITY & VISIBILITY OF BE DISCIPLINES

The Strategy is divided into three phases:

- **Short Term 2015-2017**
- **Medium Term 2017-2021**
- **Long Term 2021+**

**THE ROADMAP FOR METROS**

**GETTING US TO WHERE WE WANT TO BE**

**STATUS QUO**

**LEGEND**

**CONTACT DETAILS**

Email: info@sacities.net  
Fax: 011 403 5230  
Tel: 011 407 6471  
Switchboard

16th floor, 158 Civic Boulevard, Joburg Metro building,  
Physical address: Braamfontein, 2017

**BASKET OF SKILLS**

- BE systems
- BE skills
- BE products
- BE products & services (outcomes)
- BE systems & processes
- BE and spatial transformation

**INSTITUTIONAL WILL**

- Status Quo and unresponsive to local needs
- Reinforced spatial patterns; fragmented, uncoordinated, short-sighted developments

**SHORT TERM 2015-2017**

- Aligned plans (IDP, SDF etc.)
- Strengthened institutional arrangements
- Continued exposure for improved user experience
- Consolliated internal culture of professionalisation

**MEDIUM TERM 2017-2021**

- Collaborative arrangements for integrated planning
- Strengthened institutional arrangements
- Created platform for collective engagement (outputs)
- Engage with City Support Programme

**LONG TERM 2021+**

- Leveraged evidence-based transformation
- Collectively managed sustainable and resilient communities
-شهادات منهجية الصلاحيات

**STRATEGIC FRAMEWORK TO ENHANCE BUILT ENVIRONMENT INTEGRATION**

**VISION**

TO ENHANCE BUILT ENVIRONMENT INTEGRATION IN A CONFLICT RESOLUTION AND TRANSFORMATION THE SPATIAL LEGACY OF SOUTH AFRICAN CITIES

**IMPLEMENTATION STRATEGIES**

- Professionalism
- Leadership
- Political & Institutional
- Financial Viability & Sustainability
- Customer Focus

**PRINCIPLES**

- Evidence-based decisions
- Leadership
- Openness
- Innovation & Creativity
- Professionalism

**ENABLERS**

- Credibility & Visibility of BE Disciplines
- Consolliated internal culture of professionalisation
- Presence in national dialogues
- Improved user experience
- Collectively managed sustainable and resilient communities

**CONSISTENCY RISKS AND ROADMAP**

- Change management
- Leadership
- Political
- Financial
- Community
